

Annex D. Information regarding financial sponsorship

The template below shall be filled in by the organization (FSC forest management certificate holder) that has found a sponsor from which it will get financial support. It contains general details about both the organization and the sponsor, as well as information about the management unit, the verified impact, and the date of the agreed sponsorship.

The information provided to FSC via this template will be used to generate a transparent database of sponsorships. This form may be submitted without the name of the sponsor if the sponsor prefers to remain anonymous.

Ecosystem services impact sponsorship form	
Forest management certificate holder information	
Name of the organization	
Forest management certificate registration code	
Address	
Contact person	
Phone	
Email	
Sponsor information	
Name of the organization	
Address	
Contact person	
Phone	
Email	
Ecosystem services impacts associated with the sponsorship	
Ecosystem service	Ecosystem services impacts (list impacts and codes of verified ecosystem services impacts from Annex B)
ES1: Biodiversity conservation	
ES2: Carbon sequestration and storage	
ES3: Watershed services	
ES4: Soil conservation	
ES5: Recreational services	
Address of the management unit	
Coordinates of the management unit	
Date of sponsorship	
Additional comments	

ES list

- ES1.1: Restoration of natural forest cover
- ES1.2: Conservation of intact forest landscapes
- ES1.3: Maintenance of an ecologically sufficient conservation area network
- ES1.4: Conservation of natural forest characteristics
- ES1.5: Restoration of natural forest characteristics
- ES1.6: Conservation of species diversity
- ES1.7: Restoration of species diversity
- ES2.1: Conservation of forest carbon stocks
- ES2.2: Restoration of forest carbon stocks
- ES3.1: Maintenance of water quality
- ES3.2: Enhancement of water quality
- ES3.3: Maintenance of the capacity of watersheds to purify and regulate water flow
- ES3.4: Restoration of the capacity of watersheds to purify and regulate water flow
- ES4.1: Maintenance of soil condition
- ES4.2: Restoration/enhancement of soil condition
- ES4.3: Reduction of soil erosion through reforestation/restoration
- ES5.1: Maintenance/conservation of areas of importance for recreation and/or tourism
- ES5.2: Restoration or enhancement of areas of importance for recreation and/or tourism
- ES5.3: Maintenance/conservation of populations of species of interest for nature-based tourism
- ES5.4: Restoration or enhancement of populations of species of interest for nature-based tourism
